

## extension projects

### PROJECT

Extension and new guest suite

### DESIGN SUMMARY

This large extension and alteration project, has completely transformed this property. A large open plan kitchen living space has been created downstairs, which forms a great entertainment space. Whilst upstairs a guest suite has been created.

Our client said the scheme has improved their quality of life and they are really enjoying the extra space.

The palette of materials and design was carefully thought out to ensure that the extension fitted seamlessly with both the existing property and the streetscape.
